Dear Mr. Shumway:

Thank you for submitting an amendment of your mining notice (UDOGM # S/037/092) to this office for review pursuant to 43 CFR 3809 surface management regulations. We received this amendment on September 9, 1996, and have assigned it BLM case file number UTU-72505 (Amendment). Please refer to this number in all future correspondence regarding this mining notice.

An archaeological clearance will be necessary for the area covered by, and adjacent to, UTU-72505 (Amendment). No operations, as defined in 43 CFR 3809.0-5(f) may be conducted under UTU-72505 (Amendment) until this clearance has been completed. We will conduct the clearance examination within the next 3 weeks, and will notify you when it has been finalized. If you have any questions, please contact Mr. Sal Venticinque of my staff at (801) 259-2141.

Sincerely,
